## DECISIVE BATTLE IS NOW IMMINENT

### Japanese Forces Are Being Concentrated to Meet Russian Advance St. Petersburg Expects Reversal of Battle of Liao-Yang.

St. Petersburg, Oct. 11.—[5:15 a. m.]—A battle on which the fate of this year's campaign in Manchuria depends seems only a few days ahead. Advices from the front are lacking. At the war office here officials positively assert that General Kuropatkin has kept the line of railway between Mukden and Harbin clear, and is massing his forces preparatory to making a determined effort to drive General Oku back from the Sha river.

According to unofficial reports from Marshal Oyama at the east front of Gen. Kuropatkin's forces the offensive has been assumed by the Japanese, who are attacking the Russian left flank. Reports which are contained in a dispatch to the Associated Press from Mukden dated at 4 p. m. today state that Japanese columns are being sent against the village.

The strategy of the Japanese general staff will be necessary to overcome the preparations for the defense of Kuropatkin, all attempts as to a flank movement on the part of the Japanese to attack the Russian left flank in order to cut off the railway communication with Harbin.

Kuropatkin contemplates a flight on the left, center or right of the Japanese army, but has not given out any intimation as to the point of attack. The Russian commander is under the necessity of making a decisive movement, as the Japanese are reported to be drawing off the Russian front in order to attack the Russian flank with the object of cutting off the Russian retreat.

Little hope is held here that Kuropatkin will be able to withstand the onslaught of the Japanese army, which is now reported to be within striking distance of the Russian position. Should the Japanese succeed in turning the Russian left flank, Kuropatkin will be forced to retreat to Mukden, which is the only line of railway left open to the Russians.

Whatever the explanation it is apparent from the hasty manner in which the Russian withdrawal from the Sha river is being made that their recent reinforcements are unable to withstand the onslaught of the Japanese. The last open railway line connecting Mukden with Harbin is in danger of being severed by the Japanese.

It is reported that the Japanese have captured Russian correspondents and officers, who have been sent to the rear. The Japanese are also reported to have captured a number of Russian guns.

In political circles considerable interest is said upon the movements of Field Marshal Oyama, commander of the Japanese army, and Gen. Kuropatkin, commander of the Russian army, as it is believed that upon the movements of these two generals depends the fate of Manchuria. It is being remembered that the Japanese failed to move during the Russo-Japanese war.

## TWENTY INSTANTLY KILLED IN WRECK

### Nine Others Have Since Died and Many Others Seriously Injured—Excursion and Freight Met in Collision.

Washington, Mo., Oct. 11.—Twenty-nine persons were killed and a number injured by a collision of excursion and freight trains near here this morning. The dead were all excursionists. The excursion train, No. 8, which left Wichita, Kan., for St. Louis, was made up of seven coaches and was pulled by two engines. It was running at a high rate of speed when the engineer of the freight saw the excursion train coming around a curve. He immediately reversed his engine and jumped. The excursion train crashed into the freight, telescoping the coaches and piling them in a heap on the track. Both engines left the rails and turned over. The baggage car and the first coach were also derailed.

The injured were taken to Washington, Missouri, Kansas and Texas hospitals in Washington, Mo., and from there to their homes. Among the dead are: Mrs. A. J. Wood, Oxford, Kan.; Mrs. Ida Cullers, Oxford, Kan., Cullers' two children, Oxford, Kan.,

## Jas. F. Burns Files Suit to Have Land Sale Set Aside.

James F. Burns has brought an action in the district court against the officers and directors of the National Mining, Tunnel and Land company and the members of the brokerage firm of W. A. Otis & Co.

The suit was filed yesterday. It is brought to set aside a sale of the National company's property, by which it is alleged only the defendants have benefited, and to have a receiver appointed for the company to make proper accounting of the funds.

The plaintiff claims to hold 25,000 shares of the stock.

In substance the complaint sets forth that the officers and directors of the National Mining, Tunnel and Land company are substantially the same as the partners of the brokerage firm of W. A. Otis & Co. With this condition of affairs existing, it is alleged the partners of the last named firm, "conspired to wreck" the other defendant company.

It is charged that the Otis firm made a loan of $1,500 to the mining company, the note being made by the W. L. Ward estate, president of the National company. When Burns charges with being only an agent of the Otis house.

Some time later, it is alleged, an action was brought in the courts to recover on the note, a judgment secured and an execution issued on the property. Otis & Co. bought the property at the sale which followed for $1,500, when, according to the complaint, it was worth a much larger sum.

The officers of these companies are further charged with acting in a dual capacity in their transactions under the two firm names.

In closing the complaint states that the amount of the loan has already been fully paid off by the sale of collateral which held to secure the mortgage, and that the proceeds of the sale have never been credited to the account of the loan.

### Pathetic Exhibit.

"I look upon it as a very great disadvantage that in the republican party, as many of us hopefully looked for years, the Democratic party has not only so every in one sense but to all appearance has lost its capacity to put the pathetic remnant of its convictions upon public exhibition. What was a name of the unconstitutional secretive issue of 1865? It has become an ordinary, common law crime, a species of robbery to be dealt with in a commonplace and quiet way, so as not to alarm or disturb or unnecessarily embarrass the persons engaged in it. What has become of the place of the grand declaration of 1896 about the powers of the constitution? Is always broken only by the click of a typewriter instrument. Where now is the mighty host which in 1896 demanded the resumption of the Philippine republic and proposed to hand over to its irresponsible local enemies, with a storm of denunciation, piece by piece, as a Chinese warning house at Hankow, the Hawaiian dollar which we took upon ourselves in the treaty of Paris? Nowhere outside of it except a platform utterance. A 'blind' and uncertain text pamphlet Judge Parker himself does not believe, even if, although he has tried his hand at least four times in preserving the 'financial honor, good and turned to clay.

Has stopped a hole to keep the wind away.

### Unloaded on Cleveland.

"I am not complaining of the Democratic inability which, when the Democratic party has got an executive power, it always uses it to disgrace itself. It always has taken the great powers of state to make the party of order. Nobody ought to believe them for a moment literally and believe in approaching the tariff question. They certainly come by that name as long as court says that it is a question of circumstances, changing I always thought that they were waiting for a chance to say when they declared for a tariff which will protect American labor, leaving Democratic Congress to come along the following session and find it impossible to do anything at all.

"I have not personally with me the text of the platform adopted by the Democratic convention at St. Louis, but I have a copy of the platform adopted by the Democratic convention of 1892 which is reproduced in the United States.

"I have not personally with me the text of the platform adopted by the Democratic convention at St. Louis, but I have a copy of the platform adopted by the Democratic convention of 1892 which is reproduced in the United States.

### Let Us Stop Silver.

"We have not heard a word about the Democratic platform upon the subject of silver, and it was hardly willing to trust the subject of the silver question at this time to the platform which was adopted by the Democratic party in 1892. Nobody ought to believe them for a moment literally and believe in approaching the tariff question. They certainly come by that name as long as court says that it is a question of circumstances, changing I always thought that they were waiting for a chance to say when they declared for a tariff which will protect American labor, leaving Democratic Congress to come along the following session and find it impossible to do anything at all.

# CRIPPLE CREEK PAY ROLL WAS A RECORD BREAKER

Special to the Gazette.

Cripple Creek, Oct. 10.—Today was pay day throughout the camp and the last month's wreckage was a record breaker as the miners and those allied to mining it is figured credited to the neighborhood of $500,000. The merchants of the different cities as a consequence are anticipating some of the best business during the next few days that they have done during the history of the camp.

Over 1,500 men will contribute their quota of wages to this part of the district. From what can be learned the average rate of wage was slightly in excess of $100 per man indicates a good rate of prosperity.

The merchants of Victor are tonight enjoying the results of the best pay day for many months and if it continues as it has during the past few hours it will go on record as the biggest pay day for over a year. From the time the miners came off shift at noon today until 6 o'clock it is estimated that over $30,000 has been exchanged for scrip in this city alone, and the retail dealers are confident that when all checks have been cashed that results will show that this month will exceed the best one of 1903 by at least 10 per cent.

The number of loaded and shipping cars is greater today than at any other time in the history of the camp and the smelters and various mills throughout the district and Colorado give out the assurance that the production in October will be greater than in September which went over the $2,600,000 mark, which also means a larger pay day next month.

the most interesting personality of the little lady herself. It is perfectly evident even to the casual observer that Miss Gould enjoys anything which tends to render her one to be singled out in a gathering. Withal she has the sweetest, cheeriest face imaginable and wears in graciousness and repose of manner.

### Arrival of Party.

Shortly after 2 o'clock yesterday afternoon Miss Gould and party arrived at the Dodge residence, 1206 North Cascade avenue, escorted by Mr. Dodge. Included were Mrs. Paley and Miss Paley, aunt and cousin of Miss Gould, Mr. W. J. Langer, manager [illegible] of the Y. M. C. A., and Mrs. Langer, Mr. J. V. Hicks, assistant general secretary of the International committee, and Mrs. Hicks, Mr. C. S. Ward, international secretary, and Mr. C. D. McNeil, railroad secretary of the western division of the Y. M. C. A. work.

Before the party to arrive here in a carriage Miss Gould and party were met by Mrs. Frances W. Goddard, president of the Women's auxiliary of the Colorado Springs Y. M. C. A. Miss Sarah Dorsey, vice-president; Mrs. Franklin T. Brooks, secretary of the Women's auxiliary, Mrs. [illegible] and Mr. W. H. Ray, assistant secretary of the Y. M. C. A.

### In Receiving Line.

A formal reception was then tendered Miss Gould, the following being Mr. Dodge, Miss Gould, Mrs. Goddard, Mr. Hicks, Mr. McNeil, Mr. Ward and the guests were introduced to the Miss Gould, of course, was the target of all eyes and she bore public scrutiny without seeming to be aware of it.

In her hand Miss Gould held a large bouquet of roses given her by the boys, and Mrs. Dodge, when she arrived at the [illegible] presented her with a [illegible] of white rose buds with a ribbon pinned [illegible] with a diamond pin. The bodice was garnished with a yoke of [illegible] lace edged with a [illegible] band of sable. Her white picture hat was trimming with long white ostrich plumes.

The guests being seated, Mr. Dodge began the formal exercises of the afternoon by telling the purpose of those assembled in paying the high honor of [illegible]

Y. M. C. A. lady whose interest she expressed has been so eloquently expressed by her benefactions to the Y. M. C. A. work. The splendid $60,000 Y. M. C. A. building in the Brooklyn navy yard was mentioned, which, although pronounced too large, was now to be taxed beyond the capacity.

### Mrs. Goddard Spoke.

Mrs. Goddard, being introduced extended a greeting to Miss Gould and the International secretaries on behalf of the local Women's auxiliary Y. M. C. A. She stated that the auxiliary worked in 1901 and cooperated in furnishing the new building at an expense of $2,000, all of which was paid except $64. After extending thanks to the members of the auxiliary for their zeal in the work Mrs. Goddard closed by again welcoming Miss Gould and wishing her godspeed.

The reporting of Mr. Ward were listened to with much interest, for upon his several visits to the Y. M. C. A. he has made many personal friends. He congratulated the citizens upon having the finest and most [illegible] building of its size in the country, alluding to the fact that an indebtedness of $16,000 still remained upon it. Mr. Ward explained how [illegible] would speedily be canceled. He said that having Mr. Dodge for president was a great [illegible] as the association was one [illegible] Y. M. C. A. work for many years.

In relation to the educational work Mr. Ward said:

### Words of Mr. Ward.

"The Y. M. C. A. never seeks to supersede the schools and colleges. Less than one per cent of the young men of the country go through college and less than eight per cent through the High school. The Y. M. C. A. with its 400 buildings offers an economical education to employed young men at a cost of from $3 to $4 a year above what the young men themselves are able to pay.

"Forty thousand young men have earned promotion because of what they have learned in the Y. M. C. A. night [illegible] and [illegible] have been [illegible] in the [illegible] reading the best business men to awaken more than eyes to the needs of young men and the assistance given them through the Y. M. C. A.

### Tribute to G. F. Palmer.

The next speaker, Mr. McNeil, chose [illegible] lies in the railroad Y. M. C. A. [illegible] Those present were familiar with the Colorado railroads—the Tennessee pass over 10,000 feet and the steep [illegible] vation to Manitou, the dangerous [illegible] Nothing aside from the railroad testing brave and the saloons awaits them and the train men have become Mr. McNeil, so he stated yesterday afternoon, to [illegible] the term a [illegible] A. [illegible]

Mr. McNeil referred to the benefits derived by the men from the $25,000 buildings erected at Helper and Salt Lake City by General W. J. Palmer and George Foster Peabody, and spoke of the fund being created by the D. & R. G. Western for Y. M. C. A. buildings.

The next speaker introduced by Mr. Dodge Mr. Langer said, in part:

"I'm impressed by what Mr. Ward said about the interest taken in the Y. M. C. A. by business men. But there are persons present we have [illegible] here this afternoon who have shown their interest by the association work.

Mr. Langer then paid a high tribute to the memory of Jay Gould and to Miss Gould as the [illegible] of the Women's auxiliary and said, further: "We are women [illegible] who [illegible] in the association work, there would be [illegible] Young women should be interested in the [illegible] young men there are in the world. Thinking men and women be here [illegible] $17,000 expended here [illegible] in association work.

### Continuing Statistics.

Some startling statistics were given in his address and interspersed at short [illegible] are of 400 [illegible] Young Men's Christian association buildings in North America, [illegible] Y. M. C. A. [illegible] 75 per cent of the leaders are enrolled in the Y. M. C. A.

Mr. Hicks spoke of the Y. M. C. A. work in general as an [illegible] organization, stating that [illegible] for definite [illegible] of the [illegible] the [illegible] of the [illegible] That the fact is [illegible] [illegible] the leaders of corporations [illegible] the United States government heartily indorses the movement for the benefit of the soldiers and sailors.

Upon the conclusion of the addresses the host cordially invited the guests to repair to the dining room, where refreshments were in readiness. During chats over the delicious [illegible] it learned. For instance, Mrs. F. Kenner Jewett remarked that the beautiful meeting seemed to her like one of memorial for her father, Mr. Theodore H. Stewart of Philadelphia, who was the founder of the first Y. M. C. A. in America.

### Intercollegiate Work.

Then some one else recalled the fact that Mr. C. P. Dodge's grandfather, Mr. William E. Dodge, inaugurated the intercollegiate [illegible] The [illegible] took form as the result of a conversation between Mr. Dodge, his son, Bert and Cleveland H. Dodge and Mr. Luther D. Wishard, all of whom were Princeton men. In the Louisville convention of 1877, 25 delegates represented 21 institutions of learning in the United States and it was decided by the international committee to undertake an intercollegiate work. As a result, in North America there are 2,000 organizations having both young men and women members in the number of 64,000.

Mrs. Goddard presided over the [illegible] on the dining table in the center was a beautiful large cluster of Killarney roses and Asparagus plumosus, and at the corners large bunches of pale [illegible] and blue cattle [illegible] Miss Dorsey and Mrs. Bromley took turns in serving the [illegible] and the other ladies of the [illegible] party assisted in looking after the welfare of the guests. Meantime, the music of Bower, having been served in the drawing room quietly departed for the railroad station that they might resume their journey.

## SHOOK HANDS WITH COLLEGE STUDENTS

A feature of Miss Gould's visit not before announced was a call at Colorado college. This occurred at 4 o'clock in the afternoon, just before her departure from the city. Word had been sent to the students and they gathered en masse in Cogswell [illegible] President and Mrs. Slocum led Miss Gould and her party into the building and the students welcomed their distinguished guest with hearty handclapping.

Dr. Slocum briefly introduced Miss Gould to the assembled students and spoke of her noble work. The visit, he said, was under the auspices of the Young Men's and Young Women's Christian associations of the college. Dr. Slocum said Miss Gould's work for the uplifting of humanity was closely associated with the work of the Christian college in its aims and purposes.

Mr. Lougee and Mr. Hicks also spoke briefly. Mr. Lougee spoke of the Y. M. C. A. work at West Point, stating that, while it might surprise some it is nevertheless a fact that 95 per cent of the cadets there are members of the Y. M. C. A. and 45 per cent of the cadets are regular attendants upon the Bible classes.

Mr. Hicks, who is a University of Wisconsin graduate, spoke of the [illegible] enthusiasm of the college men and women could not resist giving her a rousing cheer. Despite interruptions to the train from noise during her visit, these interruptions being issued by Dr. Slocum, because of Miss Gould's ill health.

## WILL PRESENT MODERN COMEDY

HIGH SCHOOL MEMBERS ELECT PLAY AND ARRANGE REHEARSALS—CORPORAL CORT PROMOTED TO SERGT.-MAJOR.

"The School Mistress" is the play that will be presented by the senior class of the High school this year.

It is a three-act comedy, set in modern times. It was considered an especially excellent work for such a presentation, both by the committee and by Mrs. William A. Barber, the instructor. The first rehearsal will be held Thursday afternoon and Mrs. Barber will in a short time select the cast, which requires eight boys and eight girls.

The committee which has, with President Carl Eickhoff, had charge of the play, is composed of Miss Minnie Cook, Miss Michelle St. John, Miss Florence Latimer, Frederic Maberly, Leland Pollock and Bernard Hutchenson.

The boys' glee club held its first rehearsal last night, when voices were selected by Mr. Joseph Director.

At yesterday's drill of the battalion, Corporal William Cort of company A was promoted to the position of sergeant-major of the battalion. A short battalion drill followed the announcement of the first appointment of the season.

## CHOKING CATARRH CURED.

Mr. Caswell Says, "Hyomei Cured Me."—Your Money Back If It Does Not Cure You.

"The Hyomei cured me of catarrh," is what all who have tried it for that disease say to their friends.

O. S. Caswell, of North Middleboro, Mass., writes: "Hyomei has relieved me from a choking catarrhal trouble and cleared my head. I am glad to recommend it to my friends."

It is the easiest thing in the world to stop catarrh or a cold or sore throat in the beginning if you use Hyomei. Just breathe the health-giving balsams for a few minutes and your catarrh will be cured.

In this and neighboring towns, there are hundreds that can testify to the remarkable power of Hyomei to cure catarrh. [illegible] ... this remedy began to run with little hope that they would be cured, but as the Heller-Arcularius Drug company offered to refund the money if it did not benefit, they decided to try it on that plan, and were soon rejoicing in health.

## JAR OF GOLD

You Can Have Your Choice of $300 or a Motor Cycle, if You Hold the Right Ticket.

A window which is attracting much attention at present is that of the Hazley Cigar Co., at Kiowa and Tejon streets. Here they are exhibiting an Indian motorcycle and $300 in gold, either of which is to be given away on January 10, 1905, to some lucky customer. There are 30 firms from Colorado Springs and Colorado City interested in the scheme, each of them giving a ticket on the gift with each 25-cent purchase, and each coupon holder will be entitled to vote ... either the motorcycle or the coin, the winner to have his choice of the gift.

"THE COUNTY CHAIRMAN."

The attraction at the Opera house this evening will be George Ade's latest success, "The County Chairman." This is said to be one of the best shows that will visit Colorado Springs this season. The many people on the stage during the performances of George Ade's notable comedy drama, do not merely form a background. They each represent a distinct village type and many of them have important parts. You will recognize the village smart aleck, the old G. A. R. veteran, the fellows who hang around the depot, those who always line up at the postoffice and never get any mail, the oldest inhabitant, the village dressmaker, who is a flirt, the man who owns the general store, the station agent, the noisy fellow who is always talking about subjects that he only understands vaguely, the tousled haired boy who has been swimming, the village orphan who waits on the table at the boarding houses and many others, some play leading parts, some have not a word to say, but each is a part of the picture. George Ade was able to write a great play like "The County Chairman" because he was brought up in a little middle western village himself and knew just about he was talking about. "The County Chairman" ran for 32 performances in New York and 100 performances in Chicago and has been pronounced by the press generally as the greatest American play of modern times.

Consumptives Made Comfortable.

Incipient consumption is cured by Foley's Honey and Tar, but we do not hold out false hopes to consumptives by claiming that it will cure this dread disease in the advanced stages, but if the lungs are not too far gone Foley's Honey and Tar will effect a cure, as it stops the racking cough and soothes the inflamed air passages giving them a chance to heal, and even in the advanced stages it always gives comfort and relief. A. A. Merren, of Finch, Ark., writes: "Foley's Honey and Tar is the best preparation for coughs and lung trouble. I know that it has cured consumption in the first stages." One of the days passed and we went through the country and learned the sentiments of the people.

Senator Dolliver has recovered from his throat trouble and is feeling in the best of trim. "I undertook to make a speech directly after taking a hot bath and I caught cold, of course," he said. "I refilled from it quickly, however, and will be able to continue my campaigning in behalf of Mr. Roosevelt and Mr. Fairbanks."

Senator Dolliver arrived yesterday afternoon and was met at the depot by local leaders who took him to the Antlers hotel. R. E. Holland was with him most of the afternoon and he and President Slocum dined with him at the hotel in the evening.

Senator Dolliver leaves today for Pueblo where he will speak tonight. To-morrow he speaks at Denver and then goes to Kansas for a series of addresses leaving Colorado Thursday morning.

### Strange and Spectacular Ceremony of Woodmen in Grand Caverns Takes Place Today---A Big Event.

One of the most novel initiations in the history of fraternalism will take ... candidates will be received into the mysteries of the Woodmen of the World.

The day will open with a parade through the principal streets of Colorado Springs, Colorado City and Manitou, after which the neophytes will be taken to Williams canon, where they will be put through the mystic ceremony of initiation. Amid the weird underground surroundings the camp members will sing odes and chant to the accompaniment of the huge natural organ in the caverns.

A banquet will be held at the Alamo hotel this evening in honor of the visiting head officers and newly-made Woodmen. Majestic hall ...

The parade will form at 10 o'clock sharp on the north side of the High ... Building. The line of march will be to Tejon street, north to Cucharras, west to Cascade, north to Huerfano and west to the viaducts. From this point special trains, electric cars and busses will take the big crowd to Manitou.

**Order of Parade.**

The order of the parade will be as follows:

Grand Marshal of the day and aides.
Drum corps, Pueblo camp, No. 2.
Degree team, Pike's Peak camp, No. 8, Colorado Springs.
Knights of Pythias, Uniform Rank, Colorado Springs.
G. A. R. post, No. 2, Colorado Springs.
High School Cadets, Colorado Springs.

Three floats, Colorado City camp, No. 455.
Float, Manitou camp.
Float, Monument camp.
Float, Fountain camp.
Head Consul Falkenburg, and other head camp officers on horses.
Two hundred and fifty candidates on horses.
Falcon W. O. W. Rough Riders.
Mr. W. J. Snider is grand marshal of the day.

**Falkenburg Will Preside.**

Head Consul F. A. Falkenburg will act as toast master at the banquet at the Alamo hotel in the evening. Toasts will be responded to by a number of the head officers and Fink's orchestra will render the music for the occasion.

The ball at Majestic hall will open promptly at 8 o'clock with a grand march. The degree team which took third place at a circuit contest at the World's fair will lead off in this affair. The decorations at the hall will be in red, white and black, the colors of the Woodmen.

Among the representatives of the order who will be in the city today to attend the deliberations will be F. A. Falkenburg, head consul; J. A. Hughes, head clerk; J. A. Hughes, head physician; C. F. Cooper, of Oregon, head banker; F. P. Bertschey, head auditor.

**Women of Woodcraft.**

The Women of Woodcraft, will hold a reception to the head officers in Stevens hall from 3 to 5 o'clock. Luncheon will be served. Among the visitors who will attend this affair are Mrs. C. C. Van Cleave, grand guardian; J. L. Wright, grand clerk; Dr. Pollock, Denver, grand manager; Mrs. Kansas Goodenough, Denver, organizer.

The Woodmen of the World was organized in Omaha, Nebraska, in June, 1890. From its humble beginning in the Paxton hotel, of that city, it has grown with marvelous rapidity until, with its auxiliary, the Women of Woodcraft, it numbers over 400,000. Camps have been established throughout the United States, British Columbia and Alaska.

**A Splendid Record.**

The telegram announced the ... accident. As announced in the Gazette Sunday all hopes of his recovery were abandoned, and the unfortunate man never regained consciousness. Mr. Remshecker, who was an eyewitness to the accident, says that at the moment of the ascension a sudden gust of wind carried the balloon a considerable distance along the ground and the next instant the parachute and aeronaut became entangled in the branches of a tree, and Van Fleet fell to the ground, striking upon his back.

He was at once taken to the St. Mary's hospital and died at 5 o'clock yesterday morning.

Mr. Van Fleet was 32 years of age and was employed as assistant brakeman of the Midland. He was also an Eagle and has a large circle of friends who sincerely deplore his untimely death. He was a familiar character here at different times associated with Barnum and Bailey's circus in that capacity.

The remains were brought to Colorado City last night by his wife, who was at his bedside to the last.

**WELL-KNOWN Y. M. C. A. WORKER IS ELECTED PRESIDENT OF THE NEW SUCCESS CLUB—SESSIONS OF CONGRESS.**

The Y. M. C. A. Congress and the Y. M. C. A. Success club met last evening and decided to merge the two clubs into one, believing that they could work with better success when united. The new club, which will be known as the Y. M. C. A. Success club, adopted a constitution and by-laws and decided to meet each Monday evening in the auditorium of the Y. M. C. A. building. Officers were then elected as follows:

President, R. A. Nason; vice president, Luke Russell; secretary, L. D. Bonham and sergeant-at-arms, Duncan McPherson.

The club then held a parliamentary session and, after considerable discussion, adopted the following resolution:

Resolved, That this organization extend a vote of thanks to congress for its aid to the St. Louis exposition on account of its benefit to the masses. Several committees were then appointed and the club adjourned.

# BIG DAILY OUTPUT OF GOLD SOVEREIGN

## Leasing Company Is Sinking the Shaft to Gain More Stoping Ground and Will Increase the Tonnage.

Special to the Gazette.

Cripple Creek, Oct. 10.—Operations on the Gold Sovereign are being pushed by the Cripple Creek Gold Temple Mining company, which is now sinking the shaft from the eighth to the ninth levels. The work will probably be completed the latter part of this month, and will give the leasing company considerable additional stoping ground and permit of a much larger tonnage of ore.

On the bottom level the ore is standing 5 feet high and 32 feet in width. The lessees are leaving a rich first pillar on this floor, which will be taken out later. The company is shipping from 40 to 50 tons per day that averages around $20 to the ton.

Work is progressing on the Doctor hill where the recent strike of 30 feet recently a fourteen inch vein was encountered which promises more very good results. However, the leasing company is operating on all of the upper levels of the property and is sending out regular shipments which average $20 to the ton. A carload of ore is now being shipped from the intermediate level.

While the lease expires on the Gold Sovereign property it is understood that the company will increase operations and work will be carried right on through, hence dividends in the prosperous days of this company. The lessees are bringing ore in nearly all parts of the Gold Sovereign territory and are making money.

### ZEALE HAMILL HAS BIG VEIN IN THE THORPE

Special to the Gazette.

Cripple Creek, Oct. 10.—Leone Hamill, one of the Thorpe property leasers in the section of Goldfield, has one of the most promising properties for making money of any lessee in the camp. The lessee, after a correction from surface to the second level, has opened up a good ledge of ore at the 100-foot point which gives returns of 12.00 ounces for the entire face and from five to 10 ounces from sorting. Two carloads left the camp yesterday.

Mr. Hamill is now pushing work on the same level extension to strike the well defined lode and it is his opinion that he will have a shoot of ore 100 feet in length. The lessee expects to increase his force of men shortly when the ore will be a material difference to the tonnage.

### TO INCREASE OUTPUT FROM BATTLE MOUNTAIN SHAFT

Special to the Gazette.

Victor, Oct. 10.—The Alice mine on Battle Mountain is at the present time employing from 25 to 30 men and the officials state that between 40 and 50 men will be employed by the first of the month. The present output is averaging about 40 tons per day and the management expects to increase this to 100 tons per day.

Besides making this production the company is doing considerable development work.

### RUSSELL AND SHARP GETTING GOOD RETURNS

Special to the Gazette.

Cripple Creek, Oct. 10.—James Russell and Sharp, opening a block of the Colorado Boss No. 2 are now sending out over a carload of ore per day, which returns values of between $5 and $6 to the ton. While taking out this ore the lessees saved a carload which left the property yesterday that should return values of 10 ounces to the ton. They are being raised a short distance from the shaft at a depth of 80 feet, where the vein seems to widen from six to 10 feet.

The lessees are pushing the work of sinking the shaft on the 200-foot level, which when completed will give a depth of 400 feet, giving them additional stoping ground.

The same lessees operating on the Lawrence claim of the El Paso Consolidated company are pushing the work of sinking the shaft another 50 feet, hoping to make a daily tonnage of from one to two carloads of ore.

John Sharp of the same firm who is operating a lease on the Pocahontas and Esmeralda fractions is sending out four cars per week, which returns values of $40 to the ton. This ore is being mined at a depth of 50 feet a short distance from the shaft.

### GILPATT CYANIDE PLANT WILL SOON START

Special to the Gazette.

Cripple Creek, Oct. 10.—The Cripple Creek Cyanide company, whose plant is at Gillett, expects to start operations in the course of a few days. While the company holds a number of leases on different claims around the camp, they expect to treat a large tonnage from the mines around Gillett, as it is well known that the ore in that section is very susceptible to the cyanide process. The mill has a capacity of 50 tons per day.

### HEAVY SHIPMENTS FROM STRATTON'S INDEPENDENCE

Special to the Gazette.

Cripple Creek, Oct. 10.—There are now 37 teams operating on the various leases of the Stratton's Independence and it is believed that one month everyone of them easily considerable money. During the month just closed over 500 tons was sent out, which naturally netted the company considerable money from royalties.

### FAILURE OF FAKE FOR WOMEN

Incidents of Republican Aim That Is American Beauty—Mary Lyon and Martha Washington Favorites.

When the stands in reform this morning nearly every portrayal of American women seems peculiarly appropriate. Republicans are confessedly ashamed of their party when they think of the names which symbolize the characters of Republican leaders. Lincoln, Washington, Franklin, Lincoln and other men who stand in the front rank are the best in American history.

If you want the lettering for names to adorn the walls of Rome in New York, [illegible] number of ballots to name the place, but it may be interesting in view of the proposition now to have a hall of fame for women, to know who the women were, who, in competition with men, were deemed worthy to be considered as candidates for the honor. They were Mary Lyon and Emma Willard, among the educators; Dorothea Lynde Dix and Lucretia Mott among philanthropists; Charlotte Cushman among actors, Helen Hunt Jackson among authors, Maria Mitchell among scientists, and Martha Washington and Mary Lyon received the most votes and Martha Washington the most favored number.

### SAVED HIS LIFE.

E. W. Davenport, Wingo, Ky., writes June 14, 1902: "I count it [illegible] Dr. King's New Discovery [illegible] I was under the treatment of two doctors, and they told me one of my lungs was entirely gone and the other badly affected. I had given up hope of ever being well, when I was induced by a friend to use Dr. King's New Discovery. The first bottle relieved me much and two bottles cured me entirely and I am well to-day. It is a wonderful medicine and I recommend it to everybody." Guaranteed at [illegible] Drug Co.
